This first survey is for a group response: "I am seeking a single survey completed for each Mayor and Council no later than *Monday, March 7, 2022*". Then there will be a second survey : "I will also be circulating a survey so that individual constituents can share their personal views, as well as seeking the input of all members of local Chambers of Commerce"

Seems to me anyway. Maybe council and you could send all our responses to you and then you could compile them?

Jim

I'm not sure if you all want me to answer on behalf of the municipality, and the rest can answer on behalf of yourselves?
Let me know your thoughts?

Dear Mayor Willett and Coutts Village Council,

As your Member of Parliament, I want to help advance the needs of all of our communities. As we make our way out of this pandemic, it is clear that municipalities need the support of government.

By completing this brief survey, you will help me understand the priorities of the Village of Coutts in advance of Budget 2022 and beyond. This will let me advise you when new programs or funding become available, as well as support spending and initiatives in the next year that will help advance your objectives.

I have taken the liberty of creating a **short survey** (it will **only take approximately five minutes to complete**) that would be most helpful to my office in gathering information across the riding of Medicine Hat–Cardston–Warner (all municipalities across the riding have received the same). With competing resources and demands, I know that your budget planning only allows for a limited number of initiatives and priorities. To respect your budgeting and planning process, I am seeking a single survey completed for each Mayor and Council no later than *Monday, March 7, 2022*. I realize this is a quick turn-around time. If it is not possible to compile the survey results from your council during these weeks, please contact our office and we will make arrangements for a later submission. It is important that I hear from all municipalities in the riding.

Please note that I will also be circulating a survey so that individual constituents can share their personal views, as well as seeking the input of all members of local Chambers of Commerce. I will gladly share the global results and what I hear while protecting privacy and confidentiality of our shared constituents.

If you have any questions or issues, please contact Vidette in my Medicine Hat office at [REDACTED]

Thank you for your time and service to your community,

Glen

Glen Motz, M.O.M.
